PERSONAL PROJECTS

OKB Hope Foundation

- <https://github.com/pgartrell/okb>
- OKB Hope Foundation is a non-profit organization, which provides healthcare to the community in Ghana
- This website it to provide resources for those in need and to give others the opportunity to donate and volunteer at OKB Hope Foundation.

The Trainer

- <https://the-trainer-react.netlify.app/>
- The Trainer is my first major project that was started toward the beginning of my Bootstrap course
- This website and application is intended for personal trainers and their clients to connect
- Trainers have the capability to create custom exercises and workouts to share with their clients
